RYAN J. GOLDEN

(401) 548-2991 | ryanjgolden00@gmail.com | linkedin.com/in/ryangoldencs | ryan-golden.com

EDUCATION

University of Rhode Island | B.S. in Computer Science August 2025

TECHNICAL SKILLS

Languages: C++, C, JavaScript, Python, Dart, Lua

Tools: Git, GitHub, GDB

Databases & Backends: MySQL, SQLite, Oracle APEX, Firebase

Frameworks & Libraries: Raylib, Flutter, Node.js, Three.js

TECHNICAL PROJECTS

C++ Top-Down Shooter | C++, Raylib

- Built a top-down shooter using C++ and Raylib, applying object-oriented programming to gameplay.
- Implemented gameplay mechanics and low-level game processes, including real-time game logic.

Inklings | C, GDB

- Engineered a thread-safe concurrent rendering system in C using a command-line architecture.
- Debugged and optimized performance in a large codebase using GDB.

WalkPoint URI (Capstone) | Flutter, Dart, Firebase Fall 2024

- Led development of a production-ready mobile application using Flutter/Dart and a Firebase backend.
- Designed navigation functionality using OpenStreetMap and Mapbox APIs.
- Performed automated UI and unit testing alongside beta testing; published the app to Google Play.

Sand Falling Simulation | C++, Raylib

- Built a physics-based cellular automata particle simulation in C++ using Raylib.

Interactive Portfolio | JavaScript, Three.js

- Built a 3D navigable interface with custom input handling, raycasting, and quaternion-based transforms.
- Optimized rendering performance in a WebGL-based interactive visualization.

PROFESSIONAL EXPERIENCE

URI ITS Department Intern May 2025 – Aug 2025

- Developed a responsive frontend for enterprise database management and data visualization.
- Built user interface solutions with Oracle APEX for institutional data systems.
- Implemented security protocols and multi-factor authentication for sensitive information.

Legal Assistant Feb 2022 – Present

- Automated PDF document processing using Python, reducing repetitive manual work.
- Maintained digital filing systems and database integrity while coordinating legal documentation.
